With over two decades of experience, Automotive Experts is honored to have built the trust of dealers nationwide, and to be recognized in the automotive industry for our continuing commitment to excellence that drives us to higher and higher levels of success and client satisfaction each year.

I have been doing business with Automotive Experts since 2005. I now own a Chevy store and a Ford store. We use IMR funds to produce traffic and Facebook promotions. My Ford store used quick lane service mail along with approved CoOp-eligible Facebook promotions. We have used Ray's company for many staffed events over the last 17 years. You can call me any time about Automotive Experts.
